

SPEAK TO LICHESS

USER GUIDE

1. Install

From GitHub
(<https://bit.ly/2SKtuY7>) or
the Chrome extension store

2. Enable text input

Lichess -> username ->
preferences -> game
behavior -> enable text
input

3. Play the computer

To get set up and
familiarize yourself with
using dictation.

4. Hold Ctrl to dictate

Chrome will ask for your
permission to record audio;
click allow.

5. SAN format

Dictate your moves in SAN
format. For example:
"bishop charlie five" = bc5.

6. Words, not letters!

Use any word that begin
with that coordinate's letter:
"delta" for d, "Eric" for e, etc

7. Submit move

Press 'enter' to play the
displayed move!

8. Other features

Resign, draw, etc
commands; replace
words that are being
misheard; toggle to listen.
